

# RMC-214/217

# 19" Rack-Mount Enclosure for 14"/15"/17" Regular Monitor

## Features

- Best compact and simple design for fitting regular monitor into rack-mount applications.
- Heavy-duty steel construction.
- Well cooling ventilation design.
- Tiny front door designed for adjusting the monitor inside. (For RMC-217 only)
- Specially rugged handle for holding the whole enclosure.
- Shock mount cushion to fix the monitor well.

## General Description

The RMC-214/RMC-217 are designed for completing the total solution of the rack mount system. RMC-214 can fit the 14"/15" regular monitor for process control or monitoring, the RMC-217 can fit for the 17" monitor to have a large screen and better view for operator who need the accurate view from the monitor. The monitor enclosure is a simple design, but also an essential kit for any rack mount system who need to integrate the monitors inside the rack.

## Specifications

### General

- **Construction** : Heavy-duty steel.
- **Standard Color** : Light gray.
- **Sizes** :  
RMC-214  
481(W)x355(H)x327(D) mm.  
RMC-217  
481(W)x443(H)x450(D) mm.
- **Weight** :  
RMC-214 : Net-9Kg./Gross-10Kg.  
RMC-217 : Net-12Kg./Gross-13Kg.

## Ordering Guide

- **RMC-214**  
19" Rack-mount monitor enclosure for 14"/15" monitors.
- **RMC-217**  
19" Rack-mount monitor enclosure for 17" monitors.
