

Embedded Computer Enclosure with 6.4" LCD Flat Panel Display ENC104-6.4

Embeddable Enclosure
with 6.4" LCD Flat Panel Display

Features

- ✓ 6.4" LCD Flat Panel in an enclosure that accepts most popular single board computer form factors
- ✓ Black anodized aluminum with steel thread inserts
- ✓ Raised floor provides protected area for cable routing
- ✓ Multiple connector and fan cutouts
- ✓ Over 100 pieces of mounting hardware plus a screwdriver to ease assembly
- ✓ Custom features available

The ENC104-6.4 enclosure is ideal packaging for a development kit, proof-of-concept box or OEM application. It accepts PC/104, 5" x 5", EPIC™ and EBX sized computer boards. The enclosure's cover holds a 6.4" LCD display with optional touchscreen. Necessary cabling is in place for easy interfacing to your single board computers.

The ENC104-6.4 side panels provide mounting locations for AC/line-filter, fan, four DB9 connectors, a DB25 connector, power switch, reset switch and pass-through holes for various

cables. Screw terminals for system I/O mounting is available.

The subfloor is raised 1.1" allowing cables to pass below the assembly. Standard floppy/hard drives can also be mounted below the subfloor. Three PC/104 boards can be stacked onto any SBC base board.

The ENC104-6.4 is easily mounted as a single unit by using the four external mounting holes. This makes field service and maintenance easier and faster.

Software Support

Compatible Hardware

*All Micro/sys PC/104 cards
EPIC™
EBX
5" X 5"
PS104 Power Supply
PS1001 Power Supply
