

Aastra Telecom introduces the Model 480i CT Cordless IP Telephone

Aastra Telecom is pleased to announce the newest addition to our Enterprise IP telephone portfolio. Consisting of an advanced, fully featured IP screen Telephone base station and separate cordless handset, the Model 480i CT provides high performance VoIP cordless mobility within an office or warehouse. Multiple cordless handsets can be supported from the single wired connection to the 480i CT base telephone.

Model 480i CT IP Telephone

Key Features:

- **Cordless Mobility** — Each 480i CT base supports up to 4 cordless handsets
- **Large Base Unit Display** — Eight-line backlit screen with six context sensitive softkeys provides more information and flexibility in call handling
- **Enhanced Call Management** — Large storage for personal directory, callers log, and redial list
- **Tight Integration** — Support for multiple IP telephony systems including BroadWorks®, Nortel, Sylanro, and Asterisk SIP
- **Multiple Line/Call Appearance Lights** — Supports up to 9 simultaneous calls. Juggle multiple calls easily with a single press of a button
- **Shared Call Appearances** — Shared calls allow you to place a call on hold at one set and pick it up easily at another set
- **Remarkable Audio** — Quality speakerphone with excellent voice clarity and delivery
- **Protect Your Investments** — Firmware upgrades can be downloaded and installed in the field as standards develop and protocols evolve
- **Less Wiring** — Built in dual 10/100 switched Ethernet ports let you share a connection with your computer. Inline power support eliminates power adapters
