

# Network Communication Products

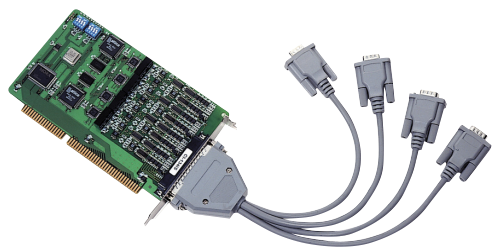

## Smartio C104H Series Easy-to-Use 4 Port Serial Board

- 4 RS-232 ports
- PCI or ISA bus available
- Low repair rate with ASIC design

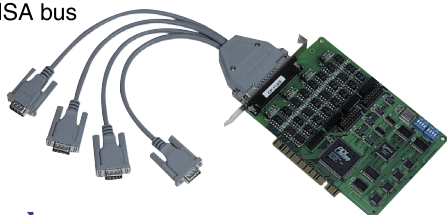

## Smartio CI-104J Series Easy-to-Use 4 Port RS-232 Board for POS System

- 4 RS-232 ports
- ISA bus
- Low repair rate with ASIC design
- Built-in RJ45 connectors on the bracket

## Industio CI-134 Series 4 Port RS-422/485 Industrial Communication Board

- 4 RS-422/485 ports
- ISA bus

## Industio CT-114I Series 4 Port 3-in-1 Multiport Serial Board for CompactPCI

- Supports three serial interfaces in one board (2 ports for RS-232, 2 ports for RS-232 or RS-422/485, selectable by jumper)

## Smartio Multiport Family

- Speeds up to 921.6 Kbps
- On-chip hardware flow control
- Surge protection available

### ORDERING INFORMATION

C104H/PCI	PCI bus, 4 port RS-232 board
C104HS/PCI	PCI bus, 4 port RS-232 board with surge protection
C104H	ISA bus, 4 port RS-232 board
C104HS	ISA bus, 4 port RS-232 board with surge protection
All items include	* Cable (DB37 to Male DB25 x 4 connectors) * MOXA software CD-ROM: contains drivers, and MOXA PComm Lite serial comm development tool * Manual

- Speeds up to 921.6 Kbps
- On-chip hardware flow control
- No switches or jumpers—easy to configure by software

### ORDERING INFORMATION

CI-104J	ISA bus, 4 port RS-232 board
CI-104JS	ISA bus, 4 port RS-232 board with surge protection
All items include	* MOXA software CD-ROM: contains drivers, and MOXA PComm Lite serial comm development tool * Manual

### Optional Accessories

CN20030	150 cm RJ45 to female DB25 RS-232 (DCE) cable
CN20040	150 cm RJ45 to male DB25 RS-232 (DTE) cable

## Industio Multiport Family

- Supports ADDC (Automatic Data Direction Control) intelligence
- Available with optical isolation and surge protection as options
- RS-485 data control: auto or by RTS
- Built-in termination resistors

### ORDERING INFORMATION

CI-134	4 port RS-422/485 board
CI-134I	4 port RS-422/485 board with optical isolation
CI-134IS	4 port RS-422/485 board with optical isolation and surge protection
All items include	Cable (DB37 to male DB9 x 4 male connectors) MOXA software CD-ROM: contains drivers, and MOXA PComm Lite serial comm development tool Manual

- CompactPCI standard in Eurocard 3U size
- Optical isolation available
- Supports ADDC (Automatic Data Direction Control) Intelligence
- Built-in termination resistors
- On-chip hardware flow control

### ORDERING INFORMATION

CT-114I	4 port RS-232, RS-422/485 board Cable (DB44 to DB9 x 4 connectors) MOXA software CD-ROM: contains drivers, and MOXA PComm Lite serial comm development tool Manual
